My Portfolio

Work Experience

Full Stack Developer
Rapid Distribution of ice cream and other products from Unilever (2023-2023)
June 01 to September 2023
(3month)

- I designed and implemented a full-fledged **Inventory Management System** from scratch, which included various essential features for efficient inventory control and tracking.
- **Laravel Framework for Back-End:** Leveraging the Laravel PHP framework for the back-end development, I ensured robust and scalable system architecture.
- **Data Storage with MySQL:** To ensure data integrity and efficient data management, I utilized the MySQL relational database management system.
- **Front-End Development:** The user interface of the IMS was developed using a range of front-end technologies, including HTML, CSS, Bootstrap, JavaScript, and Vue.js.

Full Stack-Freelancing
MIS Company
January 2022 to December 2022 (1 year)

- **Clinic Management System (CMS):** I conceptualized, designed, and executed a feature-rich Clinic Management System.
- **ASP Framework for Back-End:** For the development of the back-end, I opted for the ASP.NET framework.
- **Data Storage with SQL Server:** To ensure the integrity and scalability of data management.
- **Front-End Development:** The user interface of the CMS was created using a combination of front-end technologies, including HTML, CSS, Bootstrap, JavaScript, and AJAX.
- **AJAX Integration:** By incorporating AJAX (Asynchronous JavaScript and XML), I implemented real-time data updates and interactive features,

IT Support
Pannasastra VanHong School (2022-2022)
June 10 to August 2022 (3month)

- **Provided Comprehensive Device Support:** During my three-month internship at Pannasastra VanHong School, I excelled in delivering prompt and effective IT support.
- **Contributed to Office Operations:** I played a crucial role in enhancing the efficiency of office operations by assisting with various administrative tasks.
- **Data Storage with MySQL:** To ensure data integrity and efficient data management, I utilized the MySQL relational database management system.
- **Developed School Website with WordPress:** I took the initiative to design and develop a user-friendly website using WordPress.

BackEnd Freelancing
Jinglong Security Co.,Ltd Company
